"Idyl Frolix" Company Gets Well-Come Back at Palace Theatre.

Dalton Bros' Idyl Frolix Musical Comedy company opened a six days' engagement at the Palace Theatre Sunday afternoon. This is the third time this company has been in Ardmore. In the past eight months and it speaks highly of them. They are very popular with the theatregoers of this city, as is shown by their reception each time they are here. On Sunday afternoon when Vy Gilbert, the little red haired leading lady of the company, stepped to the front of the stage to render her first number, the applause was so loud and prolonged that she was forced to wait and acknowledge with smiles and bows the cordial reception. Other members in the cast were also warmly greeted. The chorus which

made such a hit by their splendid work on their previous visits here, was also applauded at each number. This chorus is the same as on former visits with the exception of one of the Martin sisters. Her admirers will be sorry to learn that she has been sick for over four weeks and at present is in a hospital at Oklahoma City, where she is slowly recovering from an operation for appendicitis. She is expected to rejoin the show at Galveston, Texas, in about three weeks, where this company will play a date that will probably last the greater part of the winter months. Mr. Dalton, owner of the company, in talking with the writer last night, said that he will have this company back in Ardmore next season and that he expects to have a chorus of ten girls. If they are all as good as the four he has with him now they will be second to none in the country. He also said that his chorus girls must work and work hard to remain in this line, for among other things they are compelled to learn over 250 different dancing steps. The Idyl Frolix "fun folks" will be here up to and including Friday night and all who can do so should see them during this engagement.

OKLAHOMA'S EX-GOVERNOR PLEASES THEM

EX-GOVERNOR CRUCE HAS BEEN DOING VALIANT SERVICE IN THE CAUSE OF DEMOCRACY IN ARIZONA AND NEW MEXICO.

Governor Lee Cruce was assigned by the national democratic committee to make speeches in Arizona and New Mexico during the campaign. He has been busily engaged in that work for several weeks and last Wednesday night spoke to one of the largest political gatherings ever assembled at Roswell, New Mexico. That he has sustained the reputation he established as governor of this state is vouched for by the many flattering press notices that he has been receiving from papers of every political faith.

Here is what the Daily Record of Roswell said of Governor Cruce the day after he addressed the citizens there:

"Lee Cruce, ex-governor of Oklahoma, farmer, banker and statesman, last night addressed the largest political gathering ever assembled in this city. The crowd that gathered at the Princess last night to hear the message of Governor Cruce filled that large theatre to its full capacity. For an hour he held this great audience in rapt attention and not a person went away without feeling that he had been bettered by the remarks of the eminent orator.

"Governor Cruce stands six feet two inches. His entire bearing is one of frankness and sincerity, and no man after hearing him, regardless of political faith, cannot help but feel a deep admiration for him. Governor Cruce comes from that old stock of democracy who fought fair all their lives; who have stood for the right as they saw it and who have gone in and come out with clean hands.

"The address last night was confined entirely to national issues and with particular reference to the wonderful legislative record of Woodrow Wilson and the democratic congress. There were no unkind things said about any party or any person, and the result was that Governor Lee Cruce won his way into the hearts of the people of Pecos valley in a way that will linger long after the presidential election of 1916 has become history."

Mighty nice sentiment, but no more than his home folks expect, and no more than he deserves.

Surveying Route to Fox Field. New Wilson, Okla., Oct. 25.—(Special)—Chief Engineer Harrison of the O. N. M. & P. railroad, in charge of the railroad survey being made out of New Wilson, through the Wilson-Healdton old field to Fox. He and his men worked industriously all day yesterday, going over the route carefully and driving stakes. It is reported that the John Ringling interests will cause three surveys to be made, the destination of each being the same. It is a matter of conjecture yet as to where the road will leave the present main line, but it is also an open secret that both Messrs. Ringling and Hamon feel very kindly towards New Wilson, aside from seeing in it a town of large proportions in the very near future.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINIMENT. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by Ringer Drug Co.

TO TRANSFER HOTEL LOT TO THE COMPANY

J. R. SHARP WAS IN THE CITY TODAY AND SEVERAL DETAILS OF HOTEL PROPOSITION WERE DISPOSED OF.

The formal transfer of the hotel lot on the corner of C and Main streets was made yesterday to the Ardmore Hotel Co. and will be put on record today.

Everything is now in shape for an early start on actual construction. The architect is working on plans and has wired for more information regarding sewer openings, as provision will have to be made to drain the foundation, which, on account of the basement, will require deep excavations.

J. R. Sharp was in the city yesterday and in conference with the board of directors of the hotel company all of the afternoon and every detail of the proposed structure was gone over. That the cost would have to be increased to build what he thought would be a commensurate hotel for Ardmore is certain and Mr. Sharp will furnish the balance of the money.

The stock is being issued today and will be delivered to the stockholders just as soon as it is signed up.

In justice to the stockholders and officers, together with the people of Ardmore interested in the matter, permission was given to account for the little delay which has been experienced. The fact of the matter is that the attorneys of Mr. Sharp were not able to pass on the title until three weeks ago on account of parties interested being away on their vacations, and other legal formalities, it was not cleared until that time.

Wight & Wight of Kansas City are working on the plans. Within ten days these plans will be submitted to the officers of the company who will go over them and such changes as are desired will be made, after which bids will be asked for and construction begun. Mr. Sharp hopes that ground will be broken within thirty days and the construction work rushed to as hasty a completion as possible.

The building will be 100 feet square, four stories high, an amply large lobby, lunch counter dining room and kitchen will take up the ground floor. Sufficient room at the rear of the hotel is left for a summer garden. Facilities for an observation tower will probably be made on the roof.

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. HERBINE is the right remedy. It answers the purpose completely. Price 50c. Sold by Ringer Drug Co.

"Birth of a Nation" Returns to Palace

In response to numerous and urgent requests, D. W. Griffith's "The Birth of a Nation," which scored here the greatest triumph a theatrical attraction has ever achieved, has been booked for a return engagement at the Palace theatre for two days beginning next Saturday night, with daily matinees thereafter. In every respect this presentation will be the same as before, including the same big symphony orchestra.

David W. Griffith, whose fame has now girdled the globe, chose for the theme of his great spectacle the turmoil and travail of over fifty years ago, out of which a new and united nation was born. A Southerner himself, the son of General Thunder Jake Griffith of the Confederate army, Griffith knows the heart of the South. Through his wonderful pictorial story of what the South suffered he has brought out the brotherhood of the North and has done more to cement the friendship of the two sections than all the books that have been written. Editorials in Northern newspapers say that this has forever wiped out Mason and Dixon's line.

"The Birth of a Nation" is the art triumph of the twentieth century and no one can afford to miss seeing its wonders.

Abiding in Christ.

In spite of the inclement weather there was a good crowd at the Broadway Baptist church last night. The pastor spoke on "Abiding in Christ," showing that it is necessary to happiness, usefulness, fruit-bearing and effectiveness in prayer; that to abide in Christ we must be obedient to his will and continue in faithful study of his truth. If he does not abide in us the fault is our own.

Mr. Poulter conducted a fine song service at the beginning of the meeting and sang a very effective solo at the close of the sermon. Two well known young men came forward and gave the pastor their hands, declaring their purpose to live the Christian life. Prayers were requested for these young men at the meeting Monday night and the answer came quickly.

Meeting will be held tonight at 7:45. The ordinance of baptism will be administered at the Thursday evening worship.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain into part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Roses That Soon Fade.

The roses of pleasure seldom long enough to adorn the brow of who plucks them; for they are the roses which do not retain their beauty after they have lost their life.—Hannah More.

How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which children contract. The inflammation of the mucous membrane, at acute, becomes chronic and the child has chronic catarrh, a disease the seldom cured and that may prove life's burden. Many persons who this loathsome disease will never having had frequent colds at a time it was contracted. A little thought, a bottle of Chamberlain's Cough Remedy judiciously used, all this trouble might have been avoided. Obtainable everywhere.
